Dayton, Ohio 45427

"Flying in Flat Light & White-Out
Conditions"

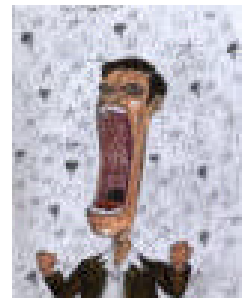

This is Cincinnati Municipal Lunken Airport

This is a neighbor who lives on one of the hills that surround the airport.

He didn't get much sleep last night because somebody was flying in the traffic pattern right over his house between 1 and 2 AM.

This is the airport manager who just received a bunch of irate phone calls from people who have the same problem as the guy above.

Traffic pattern/multiple touch-and-go operations are not authorized at Lunken when the tower is closed (between 11 PM and 7 AM).

Please be a good friend and observe this restriction.
